MULTI-LEVEL

CTO COURSE

Endovascular

www.endovascular-mlcto.com

WHAT IS the **MULTI-LEVEL** CTO COURSE Endovascular

We conceived the MULTI-LEVEL CTO Course Endovascular to bring together a **multidisciplinary group of vascular specialists from Europe and Middle East** to engage in the highest standard educational format with a spirit of collegiality and inclusion. This **three-day course** will focus on the latest advances and techniques in **endovascular chronic total occlusion revascularization**.

Our program, thought and realized in collaboration with our European Expert Committee, is made up of **recorded case-based discussions, numerous live case transmissions, from Clinique Pasteur Nancy, Munich University hospital and AZ Sint-Blasius Dendermonde**, plenty of "tips & tricks" sharing and practical talks about CTO recanalization, all guided by the highest caliber global experts-in-the-field.

Our mission is to **become the first educational course in the field of CTO crossing of all endovascular levels, from head to toe**.

The **multi-level aspect will not only be reflected in touching all anatomical levels but also in degree of experience**. Clear step-by-step approaches to all kind of revascularizations (basic day), more experienced cutting-edge education to overcome daily difficulties (experienced day) and finally extreme cases and techniques (advanced day) will be integrated in the program.

Strategies on the frontline, material knowledge into depth, dedicated but unfamiliar tools and unexpected problem solving are just some of the ingredients of this new "learning" concept in the peripheral world.

Early and late hands-on workshops will be setup to allow bench tests and practical training focused on specific tools/anatomy, and the full course will be fully recorded and partially broadcast for a hybrid experience.

We openly welcome, vascular specialists from all disciplines, trainees, nurses and researchers working in the vascular field and the attendance **will be available not only in full access (3 days) but also on a 2-day package, days 1 & 2** for basic and experienced levels, or **days 2 & 3** for experienced and advanced levels.

This course will offer a great opportunity to network with colleagues and catch up with friends. Please join us in Brussels in May 5th to 7th 2022 to witness what makes the Multi-level CTO course Endovascular such a unique didactical event.

Giovanni Torsello & Max Amor

COURSE LEARNING OBJECTIVES:

- ▶ Adapt to attendance level from elementary to extreme
- ▶ Focused on educational live cases and interaction between KOLs and audience
- ▶ Sessions built by level and anatomy, directed by european KOLs
- ▶ Mastering techniques for CTO and near occlusion treatment in arteries and veins
- ▶ Focus on guidewires & microcatheters toolbox and how to use

The program of MULTI-LEVEL CTO Endovascular Course 2022 will be submitted for accreditation by the European Board for CME Accreditation (EBAC) for all physicians participants. MULTI-LEVEL CTO Endovascular 2022 is in process of submission for Conference Vetting System. The Code of Ethical Business Practice has been applied by the organization.

PROGRAM AT A GLANCE

MULTI-LEVEL CTO COURSE Endovascular

	THURSDAY MAY 5 TH - LEVEL 1	FRIDAY MAY 6 TH - LEVEL 2	SATURDAY MAY 7 TH - LEVEL 3
07.45 08.30	REGISTRATION	EARLY WORKSHOP SLOT	EARLY WORKSHOP SLOT
08.30 10.30	COMMON FEMORAL ARTERY ◀ SESSION 1 <i>Session manager: Lieven Maene</i> LIVE CASE #1 - CFA short occlusion Parallel Tips&Tricks and case presentations	BELOW THE KNEE ARTERIES ◀ SESSION 5 <i>Session manager: Roberto Ferraresi</i> LIVE CASE #5 Parallel Tips&Tricks and case presentations	BELOW THE KNEE ARTERIES ◀ SESSION 9 <i>Session manager: Kazushi Urasawa</i> LIVE CASE #9 Parallel Tips&Tricks and case presentations
COFFEE BREAK			
11.00 13.00	ILIAC ARTERY ◀ SESSION 2 <i>Session manager: Peter Goverde</i> LIVE CASE #2 - Short external iliac occlusion Parallel Tips&Tricks and case presentations	AORTA ◀ SESSION 6 <i>Session manager: Jean-Paul de Vries</i> LIVE CASE #6 - CERAB Parallel Tips&Tricks and case presentations	ENDOVENOUS ◀ SESSION 10 <i>Session manager: Stephen Black</i> LIVE CASE #10 Parallel Tips&Tricks and case presentations
LUNCH & BENCH TEST "CTO CROSSING TOOLBOX"		LUNCH TO CONCLUDE	
14.00 15.30	SUPERFICIAL FEMORAL ARTERY ◀ SESSION 3 <i>Session manager: Ralf Langhoff</i> LIVE CASE #3 - Mid-femoral occlusion Parallel Tips&Tricks and case presentations	POPLITEAL ARTERY ◀ SESSION 7 <i>Session manager: Fabrizio Fanelli</i> LIVE CASE #7 - Tasc D long lesion or popliteal occlusion Parallel Tips&Tricks and case presentations	
COFFEE BREAK			
16.00 17.30	VISCERAL & SUPRA-AORTIC ARTERIES ◀ SESSION 4 <i>Session managers: Romaric Loffroy & Stefan Muller Huelsbeck</i> LIVE CASE #4 - Renal or mesenteric occlusion Parallel Tips&Tricks and case presentations	CAROTID ARTERY ◀ SESSION 8 <i>Session managers: Piotr Musialek</i> LIVE CASE #8 Parallel Tips&Tricks and case presentations	
17.30	INDUSTRY SESSION	INDUSTRY SESSION	
17.45 18.30	LATE WORKSHOP SLOT	LATE WORKSHOP SLOT	

- LIVE CASE CENTERS** 
- AZ St Blazius Dendermonde** – Belgium
Live case coordinator: Koen Deloose
- CHU Dijon** – France
Live case coordinator: Romaric Loffroy
- Clinique Pasteur Nancy** – France
Live case coordinator: Julien Lemoine
- University of Munich** – Germany
Live case coordinator: Konstantinos Stavroulakis
